

European Group for the Study of Insulin Resistance

Third announcement: **EGIR Meeting 2014**

"Insulin resistance: mechanisms, markers and modulation."

at the

Institute of Cardiovascular and Medical Sciences

University of Glasgow

126 University Place, Glasgow, Scotland

Thursday, 15 May to Friday, 17 May 2014

Accommodation:

Millennium Hotel Glasgow

George Square Glasgow, G2 1DS

United Kingdom

T. +44 (0) 14 1332 6711 - F. +44 (0) 14 1332 4264

Website: <http://www.millenniumhotels.co.uk>

European Group for the Study of Insulin Resistance

Glasgow, with a population of around 600,000, is Scotland's largest city, a major centre of higher and academic research, with four universities within 16 km of the city centre and the commercial capital of Scotland. It is the UK's largest retail centre after London. Situated in the Central Belt of Scotland on the west coast it is easily accessible by road, rail and air. Glasgow is one of Europe's top 20 financial centres and is home to many of Scotland's leading businesses.

The Millennium Hotel Glasgow is a striking Victorian building with an impressive façade, which is conveniently situated in Glasgow city centre. This hotel combines stylish architecture and an ideal location with excellent service and modern facilities.

The city is served by two international airports: Glasgow International Airport (GLA), 13 km west of the city centre, in Renfrewshire (website: <http://www.glasgowairport.com/>) and Glasgow Prestwick Airport (PIK) which is approximately 48 km south west of Glasgow in Ayrshire (website: <http://www.glasgowprestwick.com/>), both offering service from major European destinations

ABSTRACTS

(one page only) should be sent to:

Lucrecia Mota email: egir@med.unipi.it

Tel - Fax: +39 050 55 24 65

Abstract deadline: 4 April 2014

REGISTRATION:

email to: **John Petrie**

c/o Bryonie.Hammick@glasgow.ac.uk

+44(0)141 330 3325 Fax +44(0)141 330 6972

Deadline for registrations 4 April 2014

European Group for the Study of Insulin Resistance

EGIR Programme Glasgow May 2014

"Insulin resistance: mechanisms, markers and modulation"

Thursday 15th May

- 17:00-17:20 Welcome to Glasgow from EGIR President
John Petrie
- 17:20-18:00 *DIRECT reversal of insulin resistance in human obesity*
Mike Lean, Professor of Human Nutrition, University of Glasgow, UK
- 18:00-19:00 Abstracts session 1 (2)
- 20:30 Welcome dinner (The Bothy, Byres Road)

Friday 16th May

- 09:00-09:40 *T-cells, hypertension and insulin resistance*
Tom Guzik, Regius Chair of Physiology, University of Glasgow, UK
- 09:40-10:40 Abstracts session 2 (2)
- 10:40-11:00 Coffee break
- 11:00-11:40 *Heterogeneity of insulin resistance: studies in human muscle*
Calum Sutherland, Reader, University of Dundee, UK
- 11:40-12:20 Abstracts session 3 (2)
- 12:20-13:00 *Insulin resistance, biomarkers, diabetes and cardiovascular disease*
Naveed Sattar, University of Glasgow, UK
- 13:00 Lunch
- 14:00 *Long term outcomes of bariatric surgery*
Jennifer Logue, CSO Clinician Scientist, University of Glasgow, UK
- 14:40 *Potential of adjunct therapies to prevent CVD in type 1 diabetes*
John Petrie, Professor of Diabetes, University of Glasgow, UK
- 15:40-16:00 Coffee break
- 16:00-16:40 *Functional foods and insulin resistance*
Tim Lyons, Professor, Centre for Experimental Medicine, Queen's University, Belfast, UK
- 16:40 RISC Investigators Meeting
- 17:20 Adjourn
- 20:00 Dinner (The Burrell Collection, Pollok Park, Glasgow — bus leaves Millennium Copthorne hotel at 1930)
- 20:00 Dinner

Saturday 17th May

- 09:00-09:40 *Sirtuins and cardiometabolic ageing*
Paul Shiels, Professor of Cellular Gerontology, University of Glasgow, UK
- 09:40-10:40 Abstracts session 4 (2)
- 10:40-11:00 Coffee break
- 11:00-11:40 *Insulin clearance in the RISC Study*
Andrea Natali, Department of Clinical and Experimental Medicine, University of Pisa

European Group for the Study of Insulin Resistance

11:40-12:40 EGIR Annual General Meeting
12:40 Lunch/End of meeting
