

EGIR

European Group for the study of Insulin Resistance

*2022 EGIR Study Group
Virtual Meeting*

Since 1992

30 years of EGIR!!

***“Energy metabolism and metabolic diseases:
role of different players”***

7-9 November 2022 5.00-7:00 PM (Rome)

With the kind support of

Lilly

2022 EGIR Study Group
Virtual Meeting

EGIR Since 1992

30 years of EGIR!!

Meeting organising committee

Amalia Gastaldelli (Italy)
Paula Macedo (Portugal)

Amalia Gastaldelli (Italy) President
John Petrie (UK) Vice President
Andrea Natali (Italy) Treasurer
Caroline Bonner (Lille)
Melania Manco (Italy)
Mina Mitrakou (Greece)
John Jones (Portugal)
Ele Ferrannini (Italy)

EGIR-EASD SG Steering committee

Meeting Secretariat

Lucrecia Mota (Office support)
Chiara Saponaro (Organization)
Maria Joao Meneses (Social Media)
Yannick Carbonnaux (Graphic Designer)
Christophe Montois (website)
Valery Gmyr (website)

EGIR Study Group Virtual Meeting

“Energy metabolism and metabolic diseases: role of different players”

7-9 November 2022 5.00-7:00 PM (Rome)

Day 1 Monday, November 7

Mikael Rydén - Karolinska University Hospital, Sweden
Energy metabolism in white adipocytes-links to insulin resistance.

Tatiana Moro - University of Padova, Padova, Italy
Energy metabolism in the muscle

Vincent Prevot – Inserm, Lille, France
Energy metabolism regulation through the brain

With the kind support of

EGIR Study Group Virtual Meeting
*"Energy metabolism and metabolic diseases:
role of different players"*

7-9 November 2022 5.00-7:00 PM (Rome)

Day 3 Wednesday, November 9

Thomas Scherer - Department of Medicine III, University of Vienna, Austria
Leptin - a CNS regulator of hepatic lipid metabolism

Paola Tognini - Dept of Translational Research and New Technologies in Med and Surgery, University of Pisa, Pisa, Italy.
Brain-body communication: exploring the effects of metabolic challenges on brain function and plasticity

Sandra Pereira - the Centre for Addiction and Mental Health (CAMH), Toronto, Canada
The brain and the liver in control of peripheral metabolism

*EGIR Study Group Virtual Meeting
"Energy metabolism and metabolic diseases:
role of different players"*

7-9 November 2022 5.00-7:00 PM (Rome)
